

Cleaning Block

The eco-friendly powerful cleaner

POLYDROS, S.A.

Manufacturers since 1961

The eco-friendly powerful cleaner

The cleaning blocks are scouring stones with a similar consistency to the pumice stone. They are composed of thousand of little pores that catch the most encrusted dirt and get rid of it. Without any effort!

CLEANING BLOCK WORKS WHERE CHEMICALS OR ANY OTHER TOOL FAIL

Thanks to the multi-walled structure of Cleaning Block, its power to get rid of encrusted grease and dirt is exceptional, so that you get fast and efficient cleaning.

The abbrasive power of Cleaning Block is so high that it will work with the most stubborn dirt when other cleaning tools and/or chemicals fail!

All our products are manufactured in our factory in Madrid (Spain).

The blocks are made from recycled glass, treated at high temperatures in advanced kilns in a process similar to Nature's in the formation of volcanic pumice stone.

ECO FRIENDLY

The Cleaning Blocks are completely earth friendly, chemical-free, non-toxic, hypoallergenic, safe for pets and people. Its structure avoid bacteria to grow in them.

Powerful cleaning taking care of you health and the environment.
